Music in Gilgandra 2015
This year at Gilgandra Public School students in years 4, 5 and 6 will be participating in a music program with Mr Lange as part of the prerequisite to the high school music course. For many students this may be the first time they have experienced performing or composing music and this opportunity will strengthen their creativity and self-esteem going into high school.
On top of the music program offered to the public school Mr Lange is also running a junior band program for students that wish to extend their musical abilities. This program will work with dedicated, enthusiastic young musicians and target a team orientated activity that students can engage with. Local Gilgandra community members will be part of a group tuition program to ensure students learn their instrument correctly and Mr Lange will also run and conduct this band to perform at events around town and in the school environment.

This is a big year for music in 2015 and we have a great deal of opportunities available for these exceptional students to take part in.
